

TECHNICAL DATA SHEET

Panelwipe

Size 5 Litre

SLOW Code: PWG20-S FAST Code: PWG20-F

EXTRA FAST Code: PWG20-XF

ProXL Generation 20 Panelwipe is a special degreaser and panelwipe that effectively cuts through contaminants prior to painting. It is carefully formulated to avoid attack on existing paint films and can be used over bare metal and or existing paint surfaces. Available in slow, fast and extra fast evaporation times.

Features and benefits

- Premium degreaser that cuts through contaminants
- For use on bare metal and pre-painted surfaces
- Available in three speeds to cover every application

Directions for use

Three speeds of degreaser are available
Extra fast is for small localised repairs
Fast and Slow is for larger repairs and resprays
Using a lint-free cloth apply the degreaser generously to the area to be painted, then wipe off with a clean and dry cloth to remove all residue

Physical properties

Size: 5 Litre Colour: Clear

VOC Directive: 2004/42/Cat II B a Max. 850g/l content 730g/l Shelf life: 24 months when stored in conditions as stated.

Storage

Store in a cool dry place in original container between +10°C and +30°C

Environmentally sound

The products supplied by ProXL are 100% free of heavy metals and the caps and packaging are made of recyclable material.

Disposal

Completely emptied cans should be put in recycling skips or appropriate container. Cans which are not empty should be disposed off as special refuse.

This application and technical information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively is the responsibility of the user.
