XPRESS 605 CLEAR COAT

This VHS clear coat incorporates a new rapid drying technology that distinguishes it from its competition.

With its outstanding high gloss gun finish, long open time and rapid curing, it's the ultimate choice for all sizes of repairs. It gives bodyshops the opportunity to increase throughput, reduce energy costs and achieve superior results with ease.

INCREASED THROUGHPUT WITH DECREASED COSTS

- Up to 70% energy savings through rapid curing of 5 minutes at 60°C
- Superior gloss depth eliminates the need for polishing
